### Superintendent's Highlights

Most goals were achieved this year. Students continue to receive a superior education in the basics as well as the fine arts. Student morale continues to be high with very few discipline or social problems. The Special Education and Pre-School programs continue to perform significantly above standard. Our budget is very tight, as we have wrestled with the challenge of maintaining a superior educational program with fewer resources. Our enrollment has bottomed out and appears to be stabilizing. We have an excellent certificated and classified staff. Our turnover is very low every year which contributes immensely to a higher quality delivery system year in and year out. The overall quality of students is high and student performance on standardized exams continues to be high. A superior Cultural Arts facility contributes to the success of the Fine Arts department at both the secondary and elementary levels. Parental involvement and community support is very high.
